TECHNICAL SKILLS

Languages & Technologies: C++, C, JavaScript (ES6+), MongoDB, SQL, Express.js, React.js, Node.js, MERN Stack, Bootstrap, RESTful API Design, AWS, OOPS

Cloud & DevOps: Microsoft Azure (VM, Networking, Access Management), CI/CD Pipelines (Jenkins, GitHub Actions), Docker, NGINX, Airflow, Linux Server Management, SSH

Developer Tools: Git/GitHub, GitLab, VS Code, Postman, MongoDB Compass

EXPERIENCE

Full Stack Developer — MERN

June 2024 – Present

Infyu Labs

Gujarat, India

- Developing scalable MERN stack applications for IoT-based AgriTech platforms for real-time crop quality assessment
- Built reusable React components, integrated REST APIs, and optimized front-end performance for data-driven dashboards
- Developed backend APIs using Node.js/Express, managed MongoDB queries and data pipelines
- Deployed on Azure VMs, configured NGINX reverse proxy with SSL, and containerized services using Docker
- Implemented CI/CD workflows using Jenkins and GitHub Actions, used Git for version control

Backend Developer — MERN

Feb 2023 – May 2024

Cavisson Systems

Noida, India

- Developed backend services using Node.js, Express.js, and MongoDB
- Designed RESTful APIs and optimized database performance
- Collaborated with front-end developers in Agile teams using Git

MERN Stack Intern

Aug 2022 – Jan 2023

Fynd (Shopsense Retail Technologies Pvt. Ltd.)

Noida, India

- Built responsive front-end interfaces and integrated RESTful APIs using the MERN stack

PROJECTS

HRMS (Human Resource Management System)

- Developed full-stack HRMS using MERN to manage employee data, attendance, leaves, and payroll
- Implemented secure RESTful APIs with Node.js/Express; managed MongoDB for transactional data
- Deployed on Azure VMs, configured NGINX with SSL, containerized with Docker, automated CI/CD with Jenkins/GitHub Actions
- Tech: **Node.js, Express.js, React.js, Redux, MongoDB, Bootstrap, Azure, Docker, Jenkins, NGINX**

Vacation Rental Platform | Project URL

- Developed vacation rental platform with Airbnb-inspired features connecting travelers with property owners
- Implemented user-friendly interfaces for property listings with details, pricing, and availability
- Built secure booking system with real-time availability updates and payment processing
- Tech: **Express.js, Node.js, React.js, MongoDB, Bootstrap**

Intern Bazaar | Project URL

- Developed platform connecting students with internship opportunities at companies
- Crafted responsive interfaces using React.js for seamless cross-device experience
- Streamlined application and communication processes between students and employers
- Tech: **Express.js, Node.js, React.js, MongoDB, Bootstrap**

ACHIEVEMENTS

- College Level: 3rd Place, Bronze Medalist — Organized & mentored 250+ students in DSA workshop
- Secured 10th position at college level in CodeKaze (Coding Ninjas) — Solved 500+ coding problems

EDUCATION

Ajay Kumar Garg Engineering College, Ghaziabad

9.3 CGPA [Bronze Medalist]

B.Tech in Computer Science and Information Technology

Aug 2019 – June 2023
